## Enjoy Life (Part 2)

I Thessalonians 5:12-22, Key verse # 18

Write this down: People who are In Christ are more likely to enjoy life because of our constant exposure to things like peace, prayer and praise.

Write this down: God is calling for Saints that are willing to be Peace Warriors, Prayer Warriors and Praise Warriors. Peace Warriors are people who are willing to pursue Peace, as if it were a mission. To us, Peace is a must, not an option.

Write this down: The Will of God "...concerning you..." is both broad and extremely specific. There are times when God's Will is as detailed as a thought, a demeanor, a word fitly spoken, a timely smile or a hug.

Write this down: Praise Warriors are not just singers and musicians. We are the most grateful, the most appreciative, the most thankful people on the planet. We don't just Praise God at the drop of a hat...we Praise God for having a hat to drop!

Write this down: Praising God in "every thing" is tantamount to seeing a silver lining in "every thing". Which is NOT just good things, but the good, the bad, and the ugly things of life. We feel compelled to Praise!

I read the following passages:

Point 2: Matthew 5:9, Ephesians 4:1-3

Point 3: Psalm 143:10

Point 5: Psalm 150
